

M5 EVOLUTION - THE POWERFUL

FACTS

Type: plastering machine M5 Evolution

Use: all indoor and outdoor plastering

Innovation: optimal access

FEATURES

- Plastering machine with Turbomix
- Easily accessible water armature
- Frontal air supply
- Carry handle with reinforcement for the mortar hopper
- Pump outlet for D-R-screws
- Lifting brackets
- Large tool kit
- Automatic switch-off for compressor and water pump
- Compressor protection
- Reduced weight for increased mobility on construction site
- New safety switch-off

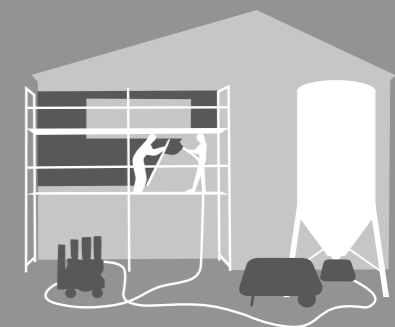

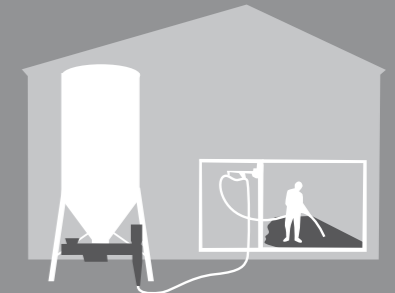

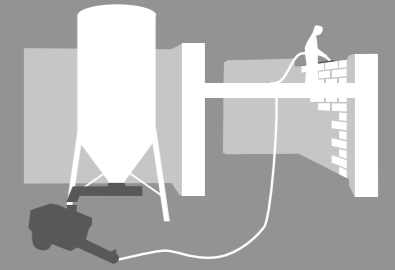

Removable water armature for easier access

Theft proof compressor

Feedhood with filters

TECHNICAL DATA

Conveyor capacity* approx. 5-30 l/min

Standard approx. 25 l/min

Max range* approx. 30 m

Pump engine 5,5 kW 400 V

Cell Wheel Engine 0,55 kW 400 V

Compressor cap. 220 l/min

Water pressure 3 bar

Voltage 400 V 50 Hz

MEASURE + WEIGHT

Length 1050 mm

Width 720 mm

Height 1530 mm

Height of opening 940 mm

Total weight 257 kg

MACHINERY

The pump „Millenium“

Spray gun

Mortar hose 15 m

Air hose 15 m

Mixing tube for D-R pumps

Control panel 42 V

Cleaning tool

Sponge-rubber balls

* Approximate values that may vary according to type and consistency of the material used
